A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure diseases for which a reputable physician would prescribe them. Physicians recognize iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found. BROWN'S IRON BITTERS does not injure the teeth, cause headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures indigestion, biliousness, weakness, dyspepsia, malaria, chills and fevers, tired feeling, general debility, pain in the side, back or limbs, headache and neuralgia—for all these ailments iron is prescribed daily. BROWN'S IRON BITTERS, however, does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is removed energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin to clear, the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it. The Genuine has Trade Mark and crossed red lines on wrapper. TAKE NO OTHER.

DISTINGUISHED GUESTS.

ST. PAUL DOES HONOR TO THE
PRESIDENTIAL PARTY.

They Are Enthusiastically Received, Cheered, Dined and Driven About the City—A Cold Carriage Ride—Dakota's Officials Get Left at the Reception.

ST. PAUL, Minn., Oct. 12.—The presidential party arrived here at 5:30 last evening and was met by the reception committee and driven in carriages to the Ryan hotel, where the president spoke. In the evening the party drove about the illuminated streets to a reviewing stand, where 1,500 members of toboggan and snow shoe clubs marched by. Returning to the hotel a general reception was held.

Mr. and Mrs. Cleveland arose at 8 this morning and dined an hour later with Col. and Mrs. Vilas, Mr. Bissell, Dr. Bryant and Col. Lamont. Before the meal had been concluded the reception committee appeared to escort the party on a drive around the city.

"Give me time to get into my overcoat," said the president, "and I will be with you." "And mine, too," put in Mrs. Cleveland. It was a good forethought, for although the sun was shining the air was too cool for an open carriage drive without over-clothing.

Guests in the hotel gave the first cheer of the morning as the party descended the stairway, and the vast crowd outside set up a volley. There were five carriages in the procession, the first, drawn by four white horses, being occupied by president and Mrs. Cleveland, Mayor Smith and Hon. P. H. Kelly. In the next were Postmaster General Vilas, Miss Ada Murphy, Col. Lamont and Lieutenant Governor William R. Marshall, while the committee and other guests occupied the remainder of the vehicles. A detachment of mounted police led the way.

The route took in the two extremes of the city. For the greater part of the distance the sidewalks and borders of the roads were a solid mass of spectators, who cheered themselves hoarse as the carriages went by. In response to some of the more enthusiastic greetings the president lifted his hat, while Mrs. Cleveland waived her dainty lace handkerchief. After the drive the president was entertained at lunch at the Minnesota club house, while Mrs. Cleveland paid a flying visit to the residence of one of her old friends. At noon the presidential train left for Minneapolis.

There is a terribly disappointed crowd of Dakotans here to-day. They came in fifty strong yesterday—all of them judges, sheriffs and auditors. As Mahomet could not be gotten to the mountain the mountain determined to come to Mahomet, and it was expected that at least their journey of five or six hundred miles would be rewarded by a special presentation to the president. But last night they could not get within earshot of his excellency, and this morning when they preferred the request the president expressed his regret that every moment of his time would be so taken up that it would be impossible to grant the favor. Then the Dakotans turned blue and purple and wondered what their fellow townsmen would say when they got home.

A second appeal to the president in their behalf was successful in inducing him to grant the boon, but by this time the delegation had become separated, and only the few who could be found around the roundabout were favored with a grasp of the president's hand. When the rest returned and learned that they had been ejected they were more demoralized than ever, and so the entire body has gone over to Minneapolis with the determination to corral the president before he leaves for Omaha to-night.

At Minneapolis.

MINNEAPOLIS, Minn., Oct. 12.—The presidential train was a trifle late in arriving here, the president having expressed a desire to go round by way of Fort Snelling. No stop was made here, but a salute was fired from the battery. It was one o'clock when Minneapolis was reached. An immense crowd gathered on Washington avenue in front of the depot and extending for several blocks in either direction, and the vicinity was gay with bunting. As the train came to a stand-still President and Mrs. Cleveland emerged from the car and were met by the outstretched hand of Mayor Ames. Cordial greetings followed, and ex-Congressman J. P. Rae, Commander-in-chief of the G. A. R., and several members of the local reception committee were introduced.

The members of the Algonquin club, 150 strong, then formed a pathway through the crowd to the carriages. The president, escorted by Mayor Ames, led the way with Mrs. Cleveland upon the arm of Mr. Washburn, came behind. The president's landau was drawn by four white horses gaily caparisoned, and once in the vehicle, his excellency lost no time in enveloping his nether extremities in a magnificent otter robe, fringed with heavy gold lace.

Cheer after cheer went up from the spectators, when the distinguished visitors came into sight, and they were continued along the route to the West hotel by the thousands of people that lined the sidewalks, and the thousands more that were in vehicles, in windows or on roofs.

The procession was headed by a detachment of mounted police, followed by companies A, B and I, First regiment, National guard, while the "Algonquin" formed a special escort.

The decorations were not perhaps so elaborate or profuse as in some other cities, but there was no mistaking the genuine heartiness of the enthusiasm with which the president and his wife were received.

It took up a few moments to reach the hotel and the guests were without further ceremony conducted to the floral bower that had been prepared for their coming.

Strange Man Killed at Kent.

KENT, O., Oct. 12.—A young man who went to work in the New York, Pennsylvania and Ohio yard two weeks since under the name of Charles M. White, of Rochester, N. Y., was instantly killed about 12 o'clock last night by being caught between two freight cars. He had told different people that he came from Canton and Youngstown, O., and also Binghamton, N. Y. Several railroad passes bearing the name of C. W. McClellan were found in his coat.

THE CAISSONS COMPLETED.

For the Chesapeake & Ohio Railroad Bridge at Cincinnati.

CINCINNATI, Oct. 12.—The caisson for the bridge pier of the Chesapeake & Ohio railroad on the Cincinnati side was completed last Saturday. The only work that remains to be done is to pack the intervening space between the rocks with concrete. Two boats are kept busy day and night grinding up the stone for the concrete, and the space will be filled in this week. The pier on this side is fully twenty feet above water, and the pier on the Covington side is about twelve feet above water. The are both above danger so far as the water is concerned, and work on them will be pursued very rapidly from now on.

The work on the shore piers that was abandoned some time since has been resumed again, and Engineer Randolph, under whose careful supervision the piers have been constructed, is of the opinion that all the piers will be ready for the iron work this year. The iron work is all ready to put up as soon as the piers are all completed. Every piece is marked for its place, and all that will have to be done is to stick it together.

There have been three sets of men employed constantly on the caissons since the work was commenced, each set working eight hours, so that work was done on them day and night. There has been no accident of any serious consequence at the caissons save the drowning of one man, which was the result of his own carelessness. During the building of the St. Louis bridge over one hundred men were killed. For the past two weeks the men at work on the caisson have been receiving increased pay, from the fact that the depth under water made the work more dangerous and laborious.

The men for the past several weeks have been affected with a curious disease. Their hands and arms swell more than double their natural size. The employees claim that it is the water that poisons their hands, while others think that it is caused by the impure air that they inhale. Those at work now all wear gloves.

A Family Feud.

GRIFFIN, Ga., Oct. 12.—Information of a bloody ending of a family feud of long standing has just reached here. In the northwestern part of Monroe county, near the Spalding line, the Hands and Goums live. They are both families of influence and respectability. For long years they lived peaceably together in a neighborly sort of way. Several years ago some local matter caused an estrangement between the two families. This ill-feeling was nursed in the breast of each until intense hatred existed between the members of each family. Sunday afternoon A. J. Goin and William Hand, while going along the public road, met each other face to face. Some words passed between them. The bad feeling soon asserted itself, and in a few moments both parties had drawn their pistols and began firing at each other. It is a disputed question which fired first. Hand received a pistol ball in his right shoulder and the left side of his abdomen. Goin was shot in or near the center of the abdomen. After Goin had been shot and after having put two balls into the body of Hand, he took a step further and sent another ball crashing through Hand's head, killing him instantly. Goin is not yet dead, but his wound is considered fatal.

Murdered His Partner.

TRINIDAD, Col., Oct. 12.—A brutal murder occurred here early yesterday morning over which considerable excitement exists, and talk of lynching the guilty party is heard. James Redmond and Joe McNamara came from the country yesterday and began drinking heavily. The spree kept up till 3 o'clock in the morning, when both, almost drunk, started for their boarding house, contrary to the desire of Redmond, who wanted to continue the debauch. Ascending the stairs of their hotel they made so much noise that the proprietor told them they must be quiet or leave the house. Redmond grabbed McNamara's coat collar and started pulling the latter after him. When about half way down McNamara pulled Redmond's head back with his right hand and with his left drew a razor across his throat, almost severing the head. Redmond died in a few minutes. The murderer was arrested, jailed, and when he became sober, denied any knowledge of anything about the crime.

A Big Express Robbery.

LITTLE ROCK, Ark., Oct. 12.—An extensive express robbery occurred several days ago on the Iron Mountain road, between here and Northern Texas. The messenger in charge checked his way-bills "O. K." at Texarkana, and said he had to go to Dallas to see the superintendent about something. He returned and went to St. Louis, thence over in Illinois and has not been seen since. The amount of the robbery is from \$30,000 to \$50,000, and suspicion points strongly to the missing messenger, J. B. Owens, one of the oldest men on the run, who had previously taken \$150,000 through safely. As the messengers are never allowed the combination, it is supposed he was in collusion with some agent who knew it.

Murderers Called Masons.

GREENWOOD, Miss., Oct. 12.—Seven colored men calling themselves Freemasons have been arrested for wholesale murdering. They are not recognized by white Masons, and claim to be incorporated under the rules of the Grand Orient of France. Testimony in the preliminary hearing shows that when anybody injured or whipped one of the members the entire lodge would conspire to kill him. The particular offense against them is the murder of Harry Wright and wife.

Wanted Gore.

SAVANNAH, Ga., Oct. 12.—At noon yesterday Col. C. W. Anderson, late assistant postmaster, entered Postmaster G. W. Lamar's private office and challenged him to fight at ten paces. Hot words followed and Maj. Lamar sprang up and struck the colonel. They were finally parted, but not before Col. Anderson was badly beaten on the face and head. The trouble grew out of a recent examination of Col. Anderson's accounts, which were found to be \$1,000 short.

Did It With a Razor.

LOUISVILLE, Oct. 12.—Maurice Simmons cut his throat at 2:30 this morning. He nearly severed his head from his body.

DREADFUL ACCIDENTS.

TWENTY-FIVE PEOPLE KILLED IN A
RAILROAD WRECK

A Cannon Ball Train Crashes Into an Express With Horrifying Results—A Score Meet Instant Death While Many More Are Injured—Another Wreck.

CHICAGO, Oct. 12.—An accident occurred on the Chicago & Atlantic railway last night near Kouts, Ind., in which it is reported some fifteen people were killed. A fast freight train ran into the rear end of a passenger train, telescoping two cars.

Later reports are to the effect that twenty-five people were killed and a large number of others injured in the wreck on the Chicago & Atlantic. The catastrophe occurred at Kouts, a small station fifty-five miles from Chicago.

It is inferred that the fast train was the passenger and express from the east due in Chicago this morning. A relief expedition was quickly and secretly organized by the railroad officials here and dispatched to the scene. Other help was to be hurried forward as soon as possible.

A telegram received in Chicago at 11:36 a. m. said ten dead bodies had already been taken from the wreck, and the men conducting the ghastly work were unable to say how many other corpses were still in the debris. In addition to the killed, the telegram says a list has been prepared showing the injured to the number of twenty-one persons.

Another Account.

NORTH JUNCTION, Ind., Oct. 12.—A terrible railroad accident occurred just west of here last night. The fast freight train ran into the rear of the express train. Four or five cars were burned, including a Pullman sleeper. Fifteen or twenty dead and as many injured.

Wreck on the N. Y. & P. O.

CLEVELAND, O., Oct. 12.—A special to the Press from Warren, O., states that a severe accident occurred on the New York, Pennsylvania & Ohio railroad, at that place this morning. As the Erie express train thumped in from the west at 10 o'clock the engineer, Charles Fessenden, discovered when but a few hundred feet away that the switch leading to a side track, on which stood a west bound freight train, was turned the wrong way. Calling to the fireman, Bill Adsit, to jump for his life, Fessenden leaped from the cab. The express train crashed into the freight with frightful force, both engines and more than a dozen cars being totally demolished.

A man seated on the engine attached to the freight train was hurled through the cab window, but escaped almost uninjured. Fessenden is seriously and Adsit, it is feared, fatally injured. The passengers escaped with a severe shaking up. The parties responsible for the accident are as yet unknown, but suspicion attaches to a freight gang, who passed the switch a short time before the collision occurred.

EXCITED DEPOSITORS.

A Colorado Bank Falls Under Peculiar Complications.

WHITE CLIFF, Col., Oct. 12.—The announcement yesterday of the closing of the West Cliff bank of this place, which is a branch of M. E. Post & Co., of Cheyenne, caused the wildest excitement, for nearly every business man here and a few in Silver Cliff are depositors, and should the failure be complete, a number will suffer in quite a large sum. The complications which have brought about this sudden and unexpected trouble, exist, not with the bank here, which is solid, so to speak, having money and collateral more than sufficient to satisfy depositors dollar for dollar.

No one feels the embarrassment more sensibly than the cashier, Mr. Bell, who is administrator for the Cowie's estate, which has tied up in the bank about \$3,000. A few of the smaller depositors and one or two personal enemies of Mr. Bell, who have not one cent in the bank, have been using violence. The bank is guarded by Under Sheriff Carr. Mr. C. H. Johnson, of the Security Mining company, and William Wolf, both have large deposits therein. Mr. McGill, from the Cheyenne bank, arrived yesterday, but he has been refused admission to the bank. In an interview he stated that the embarrassment would be but temporary, as the assets of Post & Co. were in excess of liabilities about \$500,000. A correct list of depositors could not be obtained. Should an investigation be permitted by the now excited people it is thought that arrangements will be made whereby every depositor will be satisfied.

Fire In A Hotel.

PHILADELPHIA, Oct. 12.—The Bryn Mawr Hotel, situated at Bryn Mawr, a station on the Pennsylvania railroad about twelve miles from this place, was destroyed by fire this morning. The guests were all able to get out of the building in safety. Their baggage was also saved. The whole of the south wing was completely destroyed. The hotel, which would accommodate about 1,000 people, was used as a summer resort by Philadelphians, and, owing to the lateness of the season, comparatively few guests were in the house. It was owned and operated by Keystone Hotel Company, a corporation run in the interest of and controlled by the Pennsylvania railroad.

DEATH OF THOMAS C. MANNING.

War Minister to Mexico Passes Away While on a Visit to New York.

THOMAS C. MANNING.
NEW YORK, Oct. 12.—Thomas C. Manning, minister to Mexico, who returned to this city a week ago to attend a meeting of the Peabody Fund trustees, of which he is one, died at the Fifth Avenue Hotel shortly after 9 o'clock this morning.

He has been seriously ill for the past few days, and the announcement was made yesterday that he could live but a few hours.

Thomas C. Manning was fifty-six years of age. He was born in North Carolina. In 1855 he moved to the town of Alexandria, La., as a lawyer. He was a member to the state constitutional convention in 1861, which voted the Pelican state out of the Union. This meant war, and he immediately enlisted, and rose to be adjutant general of the state in 1863. In 1894 Governor Allen appointed him associate justice of the supreme court. After the war he resumed his law practice. In 1877 he was appointed chief justice of the state of Louisiana.

In October last Judge Manning brought to President Cleveland the official notification of the latter's election as a trustee of the Peabody fund, to fill the vacancy occasioned by the death of Gen. Grant. After Judge Manning had completed his interview with the president and cabinet, the president remarked to Secretary Bayard: "That man ought to be in the public service," and on the first opportunity—that offered by the resignation of Minister Jackson—he appointed him.

Young Culprits Arrested.

ELMIRA, N. Y., Oct. 12.—A series of incendiary fires and burglaries in this city was brought to an end this morning by the arrest of nine young men, who had banded together for the purpose of robbery and arson. The culprits had an iron-clad agreement, which called forth each of the member divulging any of the association's secrets. The first youth arrested made a confession, implicating his associates. A large amount of stolen property was recovered, and the police say the evidence against the young men is conclusive.

Starved to Death.

NASHVILLE, Tenn., Oct. 12.—Mrs. Jane Smith and her daughter-in-law have been living in the worst kind of destitution under a huge overhanging rock along the river. Tom Smith, husband of the younger women was in town spending his money on another woman, and has been arrested for vagrancy. Old Mrs. Smith has died, and the body presented a fearful sight, the bones protruding from her flesh. Tom's wife is in the hospital.

Diamond Thief Fined.

YOUNGSTOWN, O., Oct. 12.—During the fair W. W. Davis' residence was entered and \$1,000 worth of diamonds and jewelry stolen. This morning Frank Hart was arrested, and one of the stolen rings was found in his possession. The balance of the property was found where he had planted it. Hart was wanted in another place for a more serious crime.

Unusual Event in Ocean History.

SAN FRANCISCO, Oct. 12.—The ship Taikuba, of the Royal Japanese navy, has arrived here. She will remain for about one month, proceeding hence to Acapulco and Panama, and then home, touching at Tahiti. Her trip is expected to consume at least six months.

Passenger Association Doomed.

DAVENPORT, Iowa, Oct. 12.—Reliable information has been received here that the Minneapolis & Northwestern railway will place thousand mile tickets on sale at \$30 and withdraw from the Western association. This indicates that the Passenger association will go to pieces.

Want to Break Records.

CRAWFORDSVILLE, Ind., Oct. 12.—The champion bicycle team of Chicago—four strong—with trainer and manager, is here, and will attempt to make some records on the gravel roads north of this place. There is a fifty-mile straight-away, the finest in the country.

Riddled With Shot.

NASHVILLE, Tenn., Oct. 12.—Thomas Puckett, residing at Holmansville, Robertson county, found J. O. Duff at his house and drove him away. Duff returned with a shotgun, and calling Puckett out, riddled his face and neck and escaped.

The Noted Bank Case.

As Clerk of the Quarterly Court, Mr. Ball reported \$300 tax on suits filed.

Drowned Off Steamer Racket.

A colored man named F. C. Farrow, aged about twenty years, fell, or walked, off the steamer Racket about two miles above Manchester at 3 o'clock yesterday afternoon and was drowned. The general belief of the passengers is that he was insane. He took passage at Manchester and paid his fare to Portsmouth, saying that he was going to Virginia by railroad from the latter place. His clothing is on the Racket, and his friends can have same by calling for it.

The Races Declared Off.

The management of the Young Men's Trotting Association, who were to give their first meeting October 19th and 20th, have declared it off for the reason that the entries did not come up to the usual high standard. The association desired to give the public only first-class races.

A REPORT of the condition of the First National Bank at the close of business on the 5th of October will be found in this issue. The individual deposits subject to check on that date amounted to \$310,049.07.

IF the attendance at the Germantown fair, which begins to-day, equals the demand for programmes, it will be unprecedented. Three separate supplies of programmes sent to this office have been gobbled up like hot cakes. The last was given out yesterday morning, but the demand still keeps up.

ELDER G. W. NEALE baptised one hundred and twenty-five persons during two months' missionary work in Owen and Robertson counties the past summer. He has baptised nearly one thousand persons since he started the mission four years ago. He recently baptised a man in Robertson County ninety-two years of age.

JOSEPH MOORE, aged sixteen years, died Monday at the home of his uncle, Thomas Moore, at Fern Leaf, of consumption. The remains were interred yesterday at Washington. He was a son of Thomas Moore, formerly of this city. His father was killed by lightning, about one year ago, out in Colorado. The mother died several years ago, in this city. But one member of the family, a son, survives.

JAMES W. FITZGERALD's fine stallion Alcandre has the distinction of being the crack four-year-old trotter of the season. In the 2:35 class at Lexington Monday he trotted a heat in 2:23.

MAYSVILLE is not apt to suffer from a coal famine all winter, even if the river should remain too low to let the boats out. The claim is made that plenty of the "black diamonds" will be brought here over the new railroad by the middle of December.

DR. WM. H. ANDERSON, a graduate of the Medical Department of the University of Louisville, Ky., and a physician of experience in hospital practice, offers his services in medicine and surgery to the citizens of Sardis and vicinity. His card appears in this issue.

THE BULLETIN is indebted to the young ladies of the Methodist Episcopal Church for a nice treat of ice cream and cake this morning. The receipts from the supper given by them last evening at the residence of Mr. and Mrs. I. M. Lane amounted to \$20. They ask us to return thanks to the public for the liberal patronage.

THE Bourbon News says: "Oliver Argo, the Mt. Olivet dude, who used to work with Henry Daum as an apprenticed barber, is probably the best tobacco cutter in the county. He cut thirty-six acres on Thomas H. Wilson's place a few days ago, the best day's work being 850 sticks of seven or eight stalks to the stick. The Saturday night following a hard week's work, he danced until twelve o'clock at night.

EARNST STONER, twenty-five years of age, committed suicide at his father's home, near Sharpsburg, last Saturday, by taking morphine. The young man was comfortably situated in life and was sober, industrious and frugal. There is no cause known for his rash act, except perhaps, that it is hereditary in his family, several of his ancestors having taken their own lives without apparent cause. This was his third attempt to kill himself. He was a farmer by occupation and was highly respected.

EDITORS BRUCE and RUNYON, of the Lexington Live Stock Record, finding it impossible to attend the Germantown fair on account of the four Bourbon County Short-horn sales and the trotting races and big horse sales at Lexington, have appointed Colonel John B. Herndon to represent their paper. Colonel Herndon is a veteran in newspaper work, and wields a facile pen. He left yesterday for Germantown, and during the week will help to keep the BULLETIN readers posted on events transpiring in that vicinity. Any courtesies shown him will be duly appreciated by the Record, likewise by the BULLETIN.

Personal.

Mr. and Mrs. C. Shauer and children, of Allegheny City, Pa., are visiting the family of Jacob Joeger.

Miss Anna Knoedler, of Augusta, will be the guest of Miss Carrie McAtee, of Lern Leaf, during the Germantown fair.

W. W. McIlvaine, of the firm of McIlvaine & Humphreys, has returned from St. Louis, where he spent the past week attending the big fair.

Mr. and Mrs. James W. Fitzgerald returned last night from their trip to St. Louis, having spent a few days at Lexington on their way home.

Messrs G. C. Parry and L. K. Parry, of the Washington neighborhood, left Monday on a trip to Chicago, Kansas City, St. Louis and other points in the West.

"What is Woman's Worth?" asked a fair damsel of a crusty old bachelor. He did not know, so she said: "W. O. man" (double you, O man). But a woman feels worth little if disease has invaded her system and is daily sapping her strength. For all female weaknesses, Dr. R. V. Pierce's "Favorite Prescription" stands unrivaled. It cures the complaint and builds up the system. Send 10 cents in stamps for pamphlet to World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

THE PRINCE IMPERIAL.

HIS CONDITION NOW BECOMING QUITE SERIOUS.

What His Attending Physicians Say of the Cancerous Growth in His Throat. Terrible Disaster on the Bay of Bismuth. Vastous Other Foreign News.

Bismuth, Oct. 12.—The latest reports regarding the condition of the prince imperial are very disquieting. There is no doubt that the cancerous growth, destroyed temporarily by the severe cauterization to which Dr. Morell Mackenzie subjected his patient, has now reappeared with greater virulence than ever.

Even the court papers speak of his condition as being very grave, and much regret is expressed on all sides that he don't continue his journey further southward, instead of stopping at Tolbach, where the weather during a portion of his stay there was intensely cold. The prince imperial's physical condition is so completely run down that he is utterly incapable of undergoing another course of caustic applications, and his present treatment consists merely of inhalations of bismuth, for the purpose of alleviating the pain.

League Meeting on the Water.

LONDON, Oct. 12.—An immense meeting under the auspices of the League was held Sunday at the confluence of the Suir and Barrow rivers, Ireland. The water was covered with boats and barges bearing the participants to the meeting. The usual resolutions denouncing the course of the government in Ireland were adopted. The police were completely outwitted, having no knowledge whatever of the meeting.

Conference of Liberal Leaders.

LONDON, Oct. 12.—Gladstone, Earl Spencer, Morley and Lord Rosebery are at Harwarden, where they are holding a conference with other liberal leaders. It is believed that they will consider an important pronouncement, which, it is said, will be made at the Nottingham meeting next week, as well as a speech to be delivered by Gladstone at that meeting.

An Appeal to British Indians.

LONDON, Oct. 12.—Dhuleep Singh and the executive committee of the Indian Liberation society are printing on the Irish secret press in Paris an appeal to the British natives of India to awake from their torpor and prove that they are no longer the dupes of English merchants and the slaves of English governors. The appeal is dated Moscow.

A Bavarian Steamer Sunk.

VIENNA, Oct. 12.—The Austrian steamer Hapsburg collided with and sunk a Bavarian steamer on Lake Constance. Many passengers in the cabin were drowned, but the exact number has not been ascertained. Divers are at work and have recovered two bodies.

No Truth in the Report.

BRUSSELS, Oct. 12.—The report that Emperor Dom Pedro, of Brazil, was about to abdicate his throne, because of ill-health, is unfounded.

SOFIA, Oct. 12.—In the election riot at Plevna last Sunday twenty-four persons were killed and thirty were injured.

OUT TWO MILLIONS.

What Mr. Garrett Says About the B. & O. Telegraph Sale.

NEW YORK, Oct. 12.—The Times says: Wall street gave a good deal of attention yesterday to the tale of Mr. Garrett's alleged weakness. Almost universally it was disbelieved and pooh-poohed. Only men with a predisposition to assail Mr. Garrett presumed to put any faith in the report.

Attention was called to the fact that whenever any man summoned courage enough to oppose a scheme of Jay Gould and threatened a fight, inuendoes as to his sanity were almost always started. The Garrett incident isn't novel. It is a good deal of a Jay Gould chestnut. Before leaving this city Mr. Garrett examined the ground carefully. He then admitted to a friend here that the sale was apparently in every way a legal one. He believed that had the sale been differently managed the Baltimore & Ohio Telegraph company could have been disposed of for \$2,000,000 more than the selling price; he was so much money out of pocket, and that was all there was to say about it.

A Prodigious Enterprise.

PEORIA, Ill., Oct. 12.—Nearly all the delegates to the Peoria River Improvement and Ship Canal convention reached here last night, and the business of the convention was formerly commenced this morning. The project under consideration is the improvement of the Illinois and Des Moines rivers to Joliet, and the cutting of a wide and deep canal from Joliet to Lake Michigan, so as to connect the Mississippi river with the lakes in such a manner as to provide for deep draft vessels, thus opening up the greatest line of inland navigation in the world. They now waterway, when completed would have the capacity to pass from 60,000 to 70,000 tons each way daily more than the capacity of all the railroads of the country between the east and the west.

New York Printers Want an Advance.

NEW YORK, Oct. 12.—The printers were generally successful in their demand for an increase from 40 to 45 cents per 1,000 ems for composition and 40 cents per hour for over time. The only large employers refusing the concession are Devine & Co. and Trow & Co. The men at Devine & Co.'s remain at work pending arbitration. Trow & Co.'s men are out.

A New "Thunderbolt."

DENVER, Col., Oct. 12.—The "Thunderbolt," the first through train from Kansas City to Denver over the Atchafalpa, Topeka & Santa Fe railroad, new track, arrived yesterday afternoon, bringing a large number of passengers and officials. A new time card goes into effect at once, and two trains will be run daily each way between Kansas City and Denver.

R. J. Tucker, of Virginia, is associate counsel with Gen. Pryor in the Anarchist cases.

The Salt Lake Mormon conference has adjourned without electing a president of the church.

Richard Moore and wife of Chicago, were suffocated and roasted by the burning of their house.

A convention is being held in Peoria in behalf of a canal from Lake Michigan to the Mississippi.

The court-house of Charlevoix county, Michigan, at Boyne City, burned with all its records.

The cashier of the Merchants' and Miners' bank, Iron Mountain, Mich., has skipped with \$15,000.

George Francis Train must either talk sense in Chicago, say the authorities, or else shut his mouth.

Miss Ethel Sprague is preparing for the stage. She is a granddaughter of Chief Justice Salmon P. Chase.

Two hundred delegates are present at the annual meeting of the Laundrymen's National association in Washington.

Prince Edward, of Honolulu, died, aged eighteen years, after he had returned home from America, where he was educated.

New York book printers were generally successful in getting an advance from forty to forty-three cents per thousand ems. Two firms only refused.

A woman named Sweeney was suffocated by gas in the Dwellin house, Brooklyn.

This is the second death from the same cause in the same room.

An immense indignation meeting was held at Dublin in which the government was scored for restricting the press. Among the speakers was Mr. Elliott, of Columbus, O.

The Mormon Church Sued.

OMAHA, Neb., Oct. 12.—Mrs. Phoebe A. Whitlock commenced suit in the district court of this county against the Mormon church and the successors and assigns of the late Brigham Young for the possession of three lots in Omaha. Her petition alleges as the basis of such action the existence of a certain deed executed in April, 1859, wherein the Florence Land company conveyed the lots to Brigham Young as trustee of the Mormon church. She claims that the deed has long since ceased to have any force or effect as against her, and prays that the church and Brigham Young's heirs be forever debarred from asserting any claim on the property.

Railroad Depot Burned.

WAYNESBORO, Ga., Oct. 12.—Fire yesterday destroyed the Georgia Central railroad depot and warehouse with 1,000 bales of cotton and a few adjoining buildings. Loss, \$75,000, partly insured.

The Weather.

WASHINGTON, Oct. 12.—Indications—Colder, fair weather, light to fresh northwesterly winds, with frosts.

FINANCE AND COMMERCE.

Quotations of the Money, Stock, Produce and Cattle Markets for Oct. 11.

NEW YORK.—Money 4 1/2 per cent. Exchange firm. Governments firm.

Currency notes, 12 1/2 bid; four coupons, 12 1/2 four-and-a-halfs, 108 bid.

The stock market opened feverish and excited at prices 1/4 to 3/8 per cent. lower than the closing yesterday; but after the first transactions there was some covering and prices advanced 1/4 to 3/8 per cent. This was followed by free selling by the Bearish brokers of Union Pacific, which declined 2 1/2 per cent. and the remainder of the list lost the advance. At about noon there was a good buying of Reading and Jersey Central. The former was on a report that the company had secured the majority of the series lives and that that would prevent the foreclosure of the property. Under the last of these moves the market became strong, and its prices advanced 1/4 to 3/8 per cent. over the opening quotations, and in most cases the best prices of the day were made.
